Card Of Thanks

A NOTE OF THANKS FROM THE FAMILY OF THE LATE J. L. MEADOWS

During our recent loss, God has truly blessed us with friends like you, who cared and shared our tears. You understand the mental and physcial wounds, we have suffered. Your constant prayer, visits, cards, food, flowers, and love have really been a support to us.

What we thought was the end of the road, you have made us realize it was only a bend. Please continue your prayers and visits with us. God bless you and thank you all!

PUBLIC NOTICE

Section 15.1-179 of the Code of Virginia - The Appomattox Town Council wishes to notify the citizens of the proposed Ordinance:

AN ORDINANCE

The Town of Appomattox finds it necessary to establish and construct a new sewage disposal system and to improve the existing sewage disposal system and to borrow money and to issue Bonds in the name of the Town for those purposes.

Now, therefore, Be It Resolved by the Council of the Town of Appomattox:

1. The maximum amount of Bonds to be issued by the Town of Appomattox, subject to the requisite approval of the qualified voters of the town, is $800,000.

2. The purpose for which the Bonds are to be issued are to establish and construct a sewage disposal system to be known as the Appomattox Regional Waste Water and Sewage Disposal Facility and to improve the existing sewage disposal system (such establishment, construction and improvement being hereinafter called the "Project").

3. Principal of and interest on the Bonds shall be payable from ad valorem taxes without limitation of rate or amount, if the revenue of the Project is insufficient for that purpose.

4. The Bonds are to be issued pursuant to the provisions of the Constitution of Virginia and are not to be included in determining the power to incur indebtedness within the limitation prescribed by Article VII, § 10, of the Constitution of Virginia; provided, however, that from and after August 1, 1984, whenever and for so long as the Project fails to produce sufficient revenue to pay for cost of operation and administration, including the interest on the Bonds, and the cost of insurance against loss by injury to persons or property, and an annual amount to be covered into a sinking fund sufficient to pay at or before maturity, all the Bonds, then all Bonds outstanding shall be included in determining the limitation of the power to incur indebtedness.

5. The maximum rate of interest to be borne by the Bonds is 7%.

6. The maximum period within which the Bonds shall mature is 35 years from the date of issue.

7. The Town covenants to maintain fees, rents, or other charges for the use of the Project at a level that will produce net revenues sufficient for the payment of principal of and interest on the Bonds and any reserve funds deemed necessary for the efficient administration of the Project and for the protection of the holders of the Bonds.

8. The Bonds shall be general obligations of the Town of Appomattox and the full faith and credit of the Town are hereby irrevocably pledged to the payment of principal of and interest on the Bonds.

9. The Council by future ordinance enacted after an election and favorable vote on the question of the issuance of the Bonds will provide for the sale and the issuance of the Bonds and such matters incidental thereto as may be necessary or proper.

10. The council requests the Circuit Court of the County of Appomattox to cause the submission to the voters of the question of the issuance of the bonds. Accordingly, the Treasurer or any other officer of the Town will deliver a certified copy of this ordinance to a judge of the Circuit Court of the County of Appomattox and will take all such action as may be necessary or proper to submit to the qualified voters of the Town the question whether the Bonds shall be issued.

11. This resolution shall take effect immediately.

Kitchen Safety

Fail—Safe Cut Prevention

Help cut down the number of kitchen accidents by reducing the chance of getting cut.

The best general precaution is to get organized. Store sharp knives in a knife rack, not mixed with flatware and other utensils in a utility drawer.

Never use a knife to open metal cans. Use a modern can opener, one that does not produce jagged edges.

Throw away chipped or cracked cookware and dishes.

Cut can lids completely off; never cut them partially and then try to bend them back.

Read use and care instructions packaged with new cookware, dishes or appliances before using them. Such instructions will warn, for example, against using abrasive cleaners or cleaning pads on glass-ceramic or heat-resistant glass cookware. These cleaners can severely scratch glass cookware causing it to weaken and perhaps, break, according to the Consumer Information Department of Corning Glass Works.

If glass breaks, sweep up, don't pick up, the broken pieces. Wipe up the smallest pieces and slivers with a damp paper towel.

Don't grope for broken glass in a water-filled sink. Instead, wrap your hand in a towel, open the drain and use a cloth or paper towel to pick up the fragments.

Close cabinet doors and drawers when they are not in use. If left open they can cause serious injury to anyone who bumps into them. Open doors also provide easy access to curious children.

Following these and other kitchen safety tips can lead the way to fail-safe cut prevention and safer kitchens.
